

2024-2025 UW-MADISON

Rising Star Series

FRONTIERS IN PROTEOMICS SEMINAR

Sponsored by the UW SMPH Human Proteomics Program

Join us on November 15th from **11-12:00 pm** in **HSLC 1345!**

“Characterization of Protein Structure and Proteoforms from Human Heart Tissues by Native and Denaturing Top-Down Mass Spectrometry”

Emily Chapman
Ge Lab

“Integrating MALDI-MSI and LC-MS/MS for Improved Confidence in Global, Untargeted Mass Spectrometry Imaging Annotation”

Hannah Miles
Li & Ricke Labs

“Dehydroamino acids and their crosslinks in Alzheimer’s Disease protein aggregates”

Sam Markovich
Smith Lab

Join us on Zoom!

Contact the Chairs:

Mitchell Gray - mdgray3@wisc.edu

Mallory Wilson - mcwilson5@wisc.edu
